

TEACHERS' FEEDBACK

Based on 153 Response

Year

2022

1. Teachers' are satisfied with their students' response in the class

2. Students are responsive and motivated by the teachers in most cases

3. Class were held in regular basis but students were found irregular

4. PA System in the large classes (having > 100 students capacity) should be installed immediately

5. Regular class attendance of the students is essential

6. Questions from students should not be encouraged during the class rather there should be an open discussion after the class

7. Due to lack of communication skill in terms of articulation & comprehensibility students can't ask proper questions

8. The courses/syllebi taught by me have a good balance between theory and application

9. Contents of curriculum are as per the requirement of social justice and professional needs

10. The objectives of the syllebi are well defined

11. Infrastructural facilities are sufficiently available in the college on demand

12. The college provides adequate opportunities and support to faculty members for upgrading their skill and qualifications

13. The environment in the college is conducive to teaching and research

14. There is no sufficient time and scope (in case of teacher for critical thinking innovative teaching and research beyond the class load)

15. There is discouraging from the management towards the initiation of proceeding any kind of research publication/ conducting research project/ conducting seminars(National and International)

16. The books/journals etc. prescribed/listed as reference materials are relevant, updated and cover the entire syllabi

17. Teachers' should have the freedom to adopt new techniques/ strategies for assessing of students

18. The prescribed books are available in the library in sufficient numbers

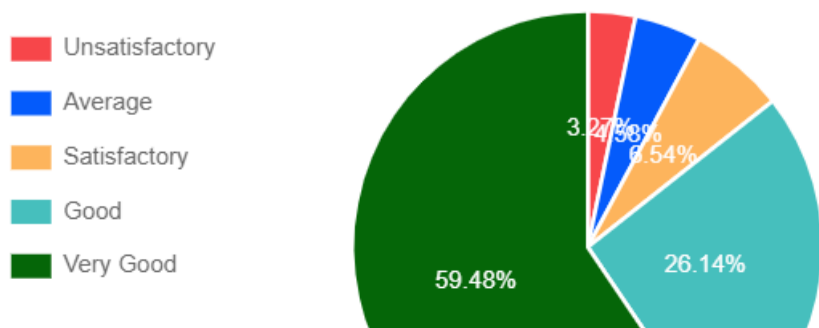

19. Discussion on the subjects within the running class is the essential for the students

20. ICT in the class room will help to the teaching-learning efficiency

21. Teachers need the help of PPT/ICT in the class room to enhance the teaching efficiency

22. There are scant availability of the reference book/ text book in the library that i need for further study to satisfy the queries of the students

23. Teacher should meet up of the student's demand for the ready class notes immediately after the class

24. Teacher are available to the students even after the classes for their specific needs for understanding the critical subject matter

25. Students are not interested in the class lectures instead of they only need/ demands class notes

26. Teachers need to study other subjects beyond the subject he/ she was appointed for

27. Ability to integrate content with other courses is an essential quality of the teachers
