ABOUT THE MAHAVIDYALAYA

This institution started its glorious journey as a State Aided College on and from 1970. At the inception only two Honours Subjects – Commerce and Sanskrit were taught along with their general courses. At that time this institution initiates its teaching and learning in a rice-mill at the nearby areas of the locality. The college owes its origin to princely donation from **Late Sajanikanta Giri**, along with several other contributors. The foundation stone was laid down by His Holiness **Sri Sri Swarupananda Paramahansa Deva** on 26.01.1968.

Since its inception, the institution has committed itself to the goal of teaching and learning in the higher education, ensuring quality education in the best possible manner in order to spread the benefit of higher education in a very rural area of Paschim Medinipur of West Bengal. This makes its land mark in the history of Indian education system as the first “LODHA – one of the oldest tribes of Indian subcontinent” is graduated from here. This institution steps its 50 years of journey (Golden Jubilee year) its academic excellency both horizontal and vertical depth ensuing its Eighteen Honours courses and newly introduced Six Post Graduate courses that running successfully since 2017. Now we are planning to introduce some new subject in UG and non-lab-based PG subject in Humanity and Social Sciences. Our Institution introduced one research centre for further studies to the Post Graduate Students in Humanity and Social Sciences. In addition to it to give up the opportunity for further studies to the Post Graduate Students of science by introducing Research Centre in our Institution.

MISSION:

- ❖ To provide higher education to the needy and prospective students of the various corridors of knowledge, with the best possible way.
- ❖ To impart from classical to professional education to students belonging to different strata of society irrespective of caste, gender, or creed facilitating through equality and quality teaching.
- ❖ To uplift the deprived and academically weak students by empowering them with knowledge.
- ❖ To develop moral, aesthetic, ethical and social values among the students.

- ❖ To inculcate reverence for humanity and to fortify high ideals of perseverance, dedication, quality consciousness and excellence towards the societal benefits.

VISION:

- ❖ To become a full-fledged institution having every scope of education to the needy student who live in very interior and rural areas having only one institution for Higher Education within periphery of 28 kms.
- ❖ To achieve further level of excellence in the higher education sectors and to become one of the premier leading rural educational institutions.

FROM THE PRINCIPAL'S DESK:

Welcome you all to visit our Mahavidyalaya having it's green and clean campus with huge infrastructure, playground and swimming pool that attracts everyone. This institution has started it's glorious journey as a State Aided College on and from 1970. At the inception, only two Honours Subjects – Commerce and Sanskrit were taught along with their general courses. At that time this institution initiates it's teaching and learning in a rice-mill at the nearby area of the locality. The college owes it's origin to princely donation from **Late Sajanikanta Giri**, along with several other contributors. The foundation stone was laid down by His Holiness **Sri Sri Swami Swarupananda Paramhangsa Deva** on **26.01.1968**. This institution steps in it's 50th year of journey in academic excellence. Now it is running successfully Eighteen Honours courses and newly introduced Six Post Graduate courses.

The institution functioning smoothly with highly qualified and dedicated faculty members, needy and motivated students, efficient supporting and administrative staff in order to carryout time bound task and synchronize with the highly automation system in the globalization of higher education.

Since its inception, the institution has committed itself to the goal of teaching and learning in the higher education, ensuring quality education in the best possible manner in order to spread the benefit of higher education in a very rural area of Paschim Medinipur of West Bengal. This

makes it's land mark in the history of Indian education system as the first “**LODHA** – one of the oldest tribes of Indian subcontinent” is graduated from this institution.

The library of the college is now functioning as fully computerized system and provides a globalized plan of knowledge sharing platform by introducing it's resources in online process. We provide the opportunity to access the vast documentary resources to the students in campus and off campus mode to some extent. We are moving fast forward to it's digitized accessibility up to the departmental level as well as individual level in short while. Students now can access and avail the millions of relevant books in digital formats available free of cost from global repositories.

The institution provides its extreme possible opportunity to take initiatives and develop some skill-based activities to entrepreneurial schemes to its teachers and faculty members in order to facilitate quickly internationalize the benefit of changes in the field of higher education. The best of it's congenial and healthy atmosphere which prevails in the premises helps smiley co-existence of the faculty, student and non-teaching staff as a large family. It's beautiful natural ambiance makes the college as an ideal educational institution.

You all are again invited to visit the institution and mark it as inseparable bonding with the journey to the knowledge world.

The time is worse for the education system due to 2nd outbreak of SARS **COVID-2**. Most of the Face-to-Face teaching & learning system is stopped due to the extension of lockdown to combat the situation but alternatively our online classes (at the Real time online Class Time-Table at [JOIN ONLINE CLASS](#)) and other activities is still running a midst such a critical situation. But it is our realization that there is a severe crisis of text books and reference books due to limited and restricted accessibility of the Central Library of the Mahavidyalaya. Henceforth, we decided to convert most of the hard copy of the most accessed Book into the digital form for the hands-on easy access to our students through online mode. In addition to that we have decided to purchase more E-Book in this year to facilitate this service. Students and faculty members can assess, read and view these complete books even from their Mobile phone or Laptop/desktop. Students may find millions of free E-Books from various other Weblink([E-Resource](#)) provided in our Library website.

CODE OF CONDUCT OF THE INSTITUTION

Teachers, non-teaching staffs and students; it's not the intention of the Institution to fasten the free minds to a set of rules where sensitivity cries wordlessly. As the poet said, "Where the mind is without fear and the head is held high, where knowledge is free..... into that heaven of freedom, my Father, let my country awake."; we as an Institution believe in the same spirit. To tender fearlessness to one's mind and to keep the knowledge free, the responsibilities are bestowed on the administration of the Institution. This is where the code of conduct becomes central. Discipline is the ultimate thing which makes any great thought to be implemented on the ground. It is the bridge between goals and accomplishment. "Code of Conduct" helps an Institute to make more disciplined and integrity in its functionality.

It may seem to some as a negative approach, as it often suggests what not to do but, we must remember that the great Philosopher, Aristotle once said, "What lies in our power to do, lie in our power not to do." The "Code of Conduct" is equally important for all the stakeholders of the Mahavidyalaya. It constantly reminds us about our duty and responsibility, sets a balance between the authority and responsibility. I hope, everybody will follow the "Code of Conduct" of the Mahavidyalaya in a true spirit and constantly develop it with their invaluable suggestions. The Mahavidyalaya wishes to become an embodiment of academic excellence at the remote corner of rural West Bengal, and for that matter the Institution adopts this "Code of Conduct" upon itself.

CODE OF CONDUCT & ETHICS FOR THE PRINCIPAL / TIC

The Principal of an Institution should always be honest, fair, objective, supportive, protective and law abiding. He has to exhibit outstanding and strong leadership skills and empower all staff members and students to extract their maximum potential. He has to

1. Implement the new ideas and plan to execute the vision and mission.
2. Promote Institutional interaction and inculcate research development activities.
3. Listen to the students' ideas and set a supportive attitude.
4. Ensure that the staff and students will be aware of rules, policies and procedures laid down by the college.
5. Be fair in his disciplinary actions for all the members of teaching faculty, non-teaching staff and students.
6. Recommend and forward communication to the authorities.

7. Monitor, manage and educate the administration of the Institution and take remedial actions based on the stakeholders' feedback.
8. Execute any other qualitative and quantitative work for the welfare of the students and Institution.
9. Empower all his staff and students to extract their maximum potential.

CODE OF CONDUCT FOR THE HODS/COORDINATORS

Although there are specific guidelines in the statute, regulations and Act of the affiliating University, State Government and UGC circulated from time to time; yet, the following code of conducts will also to be followed in addition to these rules & resolutions for the betterment of academic environment of the Institution. FACILITIES WITHIN THE CAMPUS

CENTRAL LIBRARY:

College Library of Sabang Sajanikanta Mahavidyalaya started its journey in a small room of the Institute old Building (Vidyasagar Hall) in the year 1970, and moved to its present premises in 2012. Since then, it has grown in size and content to take the present shape. . For few years, the library has become the lifeline of the academic activities of the Institute. It has

been catering to the needs of our students of undergraduates, postgraduates, faculty and staff members.

The library has a collection of more than 30,000 volumes which includes text Books, reference books & printed journals, etc. It has also special collection of books on Swami Vivekananda and Swami Swarupananda. With the development of Information and Communication Technology (ICT), the behavioural characteristics of the library users have been changing rapidly and the library is trying its best to adapt with the technological advancement.

The College Library has developed computer-based information storage and retrieval system in the multi-user environment using KOHA software; an Open-Source Library Management Software package. The identity of all books and the library users are fully bar-coded and all Library house-keeping operations like, acquisition, cataloging and circulation services have been automated with the help of KOHA software package.

The book database is accessible through OPAC (Online Public Access Catalogue). Now it is a partially automated modern library is on its way to becoming an outstanding learning resource centre catering to the ever growing and uncompromising information and intellectual requirements of the students, faculty members of the Institute. To ensure proper surveillance, electronic surveillance system has been adopted in some important service areas within the library.

The Library has recently installed 802.11n based Wi-Fi service for all Student, Staff, Faculty and Non-teaching staff Members with free of cost. The library also has a well-equipped Xerox centre and the users can avail this facility on payment of a nominal charge.

Library Reading Room

COMPUTER LAB

There is a well-equipped and well decorated computer laboratory with internet facilities. Department of Mathematics, Commerce, Economics, Physics, Chemistry use it as a departmental laboratory by sharing as well as all students can use it as required.

WiFi CAMPUS

There are 10 dedicated unlimited Internet connection of BSNL are available under the special programme of UGC in the college. there are several points of the vast college premises were covered by he LAN and WiFi router points that covers Offices, Controller section, Central Library, all the PG Departments, and old buildings etc. The college provides IP enabled WiFi accessibility within the premises. Recently we provided internet to the ICT enabled class Rooms and Virtual Class Room of the college. Fibre Optics based data transfer technology (maximum speed of data transfer up to 450Mbps) along with 10 dedicated Broadband service of BSNL (100 Mbps data transfer rate) installed in the campus. The entire campus is Wi-Fi enabled with a high speed internet connection allow the students to access the internet in a certain Hot Spots in certain selected areas. The coverage of Wi-Fi is not only facilitated to class rooms but also extends to all the areas including Departmental Office Room, library, Laboratory, Auditorium. Some of the usable point is the nearby areas of the administrative

building. for extreme cases MAC activated filters or IP based connection were activated to minimize the data mismanagement.

E-BOOKS AND MAGAZINE

Only registered students can access this e-books Library. Interested students may ask for User ID (usually it would be their phone Number that was used during the admission in this institution) and password to access the free E-BOOK library through a secured login procedure i.e. OTP based authentication procedure is allow to access the facilities. BOOKs freely available in the Global repository doesn't require any authentication procedure. It is directly accessible. There are Millions of e-books also available in the Global repository covered every angle of the subjects. Under the guidance of the principal and the initiative of the students' union, printed magazines and wall magazines are published every year. Departmental wall magazine is also published. Some departments publish the student's journals and Departmental Journals.

There are two separate common rooms, one for male students and other for female students. Students are provided newspapers, magazines, different indoor game facilities like carom, table tennis etc.

VIDYASAGAR PATH PARISHAD

With a view to fostering a sense of culture in the locality, Vidyasagar Path Parishad being established in the year 1970, 150 Birth Anniversary of Pandit Iswar Chandra Vidyasagar, organises several competitions every year among its members from neighbouring educational and cultural institutions including mother institution. The Parishad organises meeting, seminar, yoga camp, career counselling programme etc. which are addressed by the eminent guest.

DEPARTMENTAL LIBRARY

Departmental library is available in each department. Some departments also have open book corners. Students of the concerned department can use these libraries easily.

HOSTELS

There are two hostels - one for male students and one for female students under control of the college hostel committee. Two hostel superintendents appointed by the college administration to supervise the hostels and maintain the books of accounts.

a. Swarupananda Boy's Hostel

b. Nivedita Girls Hostel

* **Admission to hostel:** The students seeking admission to hostel for a particular session are required to apply in the prescribed form to the superintendent. The seats allotted to the students are notified and the students are required to pay the fees and charges at the time of admission.

* **Charges:** Establishment charge including electric, seat rent, cook etc. should be deposited by the student at the time of admission. Messing charge should be deposited by the student in every month as required.

* **Discipline:**

1. Attendance compulsory for both the morning and evening prayer.
2. Strict discipline is to be maintained during the study hours.
3. Students must observe the study hours prescribed by the authority.
4. Use of common room is strictly prohibited during the study hours.
5. Lunch and dinner time is strictly maintained by the students as per the prescribed schedule of the authorities.
6. The boarders of the room concerned are to purchase the bulb, etc. at their own expenses. The authority will make arrangement to their effect only the very beginning of the new session for once.
7. No guest will allow to stay overnight in the hostel.
8. No boarders are allowed to stay during the vacations like Summer, Puja, X-mas etc.

VIRTUAL CLASSROOM (VCR)

Virtual classroom (VCR), is a class that has the students and teachers linked together on a network using the Internet or intranet etc, while physically being miles apart, interacting and studying in real time. This classroom is alienable with high-speed internet and Statics IP Camera that can be used for the video conferencing with other such systems specially with the remote one. In this class room live video streaming may be possible that can be watched and interacted on demand.

HOW DOES A VIRTUAL CLASSROOM WORK?

Using Web-based interactive programs both the trainers and the learners interact in a “real” time environment. At the appointed time both the students and trainers come online to attend the class. Just like a regular, conventional class. Once a session starts, everyone is a part of the live session that is seen by all the students, however away they are from each other. Virtual classroom works using audio and video conferencing tools that are easily configurable and can also be used to show pre-recorded video tapes and CDs as well. Virtual classrooms have redefined e-Learning in today’s world.

Students can interact with the trainers and they can solve their queries instantly online. Not only this, students can also interact with each other with the help of a chat tool feature. This is just like ordinary chatting tools used by Web users all around the world. More and more advanced e-Learning solutions are being designed every day, at the heart of which are the virtual class rooms, which are being touted as a better option to regular class rooms.

Virtual class room have an edge over conventional class rooms as they can be recorded and played back verbatim by the learners, something not possible in a regular class. Just like the class room has a black board, virtual class room also has a software tool called whiteboard – which can be used to explain certain queries and draw diagrams, etc.

Other standard tools like presentations, image files, html files etc can also be uploaded on the whiteboard – thus if you already have some study material then it can be easily plugged into a virtual classroom. Online test and evaluation features are also available that constantly gauge the extent of understanding of the trainee and provide feedback on assignments.

BENEFITS OF VIRTUAL CLASSROOM

- It saves time – Conventional learning processes like classrooms require space and cost more, in terms of infrastructure required, getting all the learners and trainers together, etc. virtual class room and other e-Learning tools, on the other hand, save space and cost much less; it can accommodate a large number of students within the same training solutions at no extra costs.
- Excellent for executives on the move – e-Learning is fast becoming the ideal choice for the executive on the move.
- Interaction between teachers and students, just like a regular classroom with an added advantage of recording and sharing data, information and entire e-Learning sessions.
- Storage of the whole process of training through an Automatic Repository Creation on the computer for future reference.
- Standardization of content.
- Due to standardized content, a change of trainer does not hamper the training session.

OPPORTUNITIES IN VIRTUAL CLASSROOM

Great opportunities exist in the arena of Virtual classrooms in the fields of:

- Skill and process training by experts to diverse groups of physically distanced employees.
- When only a few experts are available –and it is not possible to bring them to a regular classroom.
- Great opportunities also exist in areas of new induction training where a standardized induction program will help a new entrant.
- When the organization has employees spanning continents it will be useful to have virtual classrooms for them all.

In fact the whole world is now becoming a global class room with colleges, institutes, even Universities holding virtual classes for its students and the corporate world using it to train its employees across the globe!

ICT ENABLED CLASSROOM

With modern facilities like ICT in combination with audio-visual facilities the faculty has started exploring the use of technology in teaching, which has resulted in implementing the blended learning process for students in the classrooms. Computer assisted learning and digital materials are made available to the students to supplement

classroom teaching. We designed our website in such a manner that handouts, class notes, used ppts along with some audio-visual lectures made available in the repository of the archive the interested students can use apart from the classroom teaching in extreme condition. Seven classrooms recently modified into ICT based on the Interactive Board. Most of these are PG (Six) and one in the Botany class Room. Another fifteen LCD Projectors were installed in the different UG classrooms in the campus. Beside this there is a virtual classroom which is also well equipped with ICT and Interactive Projector. We are trying to connect all the ICT based classrooms into a single live and dynamic domain for easy access of all information.

POST GRADUATE COURSE: There are PG course in three non-lab subject Bengali, English, Sanskrit and three lab based subject Physics, Chemistry, Botany in our Institution

RESEARCH CENTRE

Our Institution introduced one research centre for further studies to the Post Graduate Students in Humanity and Social Sciences.

NSOU

An authorised study centre of NETAJI SUBHAS OPEN UNIVERSITY(Q-08) is smoothly functioning their activities since 2019-20 session. The study centre plays a vast and noble role to spread the distance and open education in the remote society of our rural area. Much number of master degree and second-degree programme are available in the study centre. These are-

Master Degree: Bengali, English, History, Political Science, Public Administration, Education, English Language Teaching, Master of Social Work, Commerce, MLIS.

Second Degree: BLIS

Post Graduate Diploma: Journalism and Mass Communication.

MENTOR-MENTEE SYSTEM

Mentor-mentee program has been started in the Mahavidyalaya wherein the teaching faculties of this Mahavidyalaya are doing the job as the mentors and the students are considered as the mentee.

OBJECTIVES:

- i.** To help the students for understanding the challenges and opportunities present in the college and develop a smooth transition to campus life.
- ii.** To counsel academically weak students and to play an important role in helping troubled students to cope with academic, extra-academic and personal problems.
- iii.** To proactively try to identify problems of the general student populace and to bring them to the notice of the concerned authorities. The practice of Mentor-Mentee program endeavors to pursue these objectives by guiding the students by the teaching faculty who can act as a friend, philosopher and guide to them. Mentors of each department, selected by the teachers of the concerned department, play this role and are given the authority to pursue the mission of this programme. Each of them is assigned a group of students however, their role is limited to counselling and motivating them to better direction. As

the Mahavidyalaya suffers from huge shortage of teaching faculty, the programme is in fledgling stage. Only programs like counselling, group discussions etc. are taken up.

INTERNAL EVALUATION (CIE) SYSTEM

The Mahavidyalaya has very little scope to bring reforms in the CIE. However, the institution does undertake internal assessment (class test of 10 marks) of 2 tests for the honours courses and 1 test for General Degree courses for each semester. Internal assessments are arranged on surprise test basis. Questions are set based on the topics covered in the previous classes. After the class tests are over the questions are uploaded in the Mahavidyalaya's website. Students who fail to appear on the days of class tests are offered a second chance, provided a valid ground of absence is produced before the head of the department through written application. Results of the internal assessment are published in the departmental notice board. Students are given an opportunity to interact with the teacher in their next class to understand/correct the weak points both in terms of data and style of writing, of their answer scripts. After the completion of all the tests an average mark obtained are calculated by the respective departments and sent to the Vidyasagar University (V.U.). Other than this mechanism of CIE the institution also keeps a record of the advanced and slow learners based on the responses in the classes and the marks scored in the class tests. A special attention is given to these groups of students through special classes and remedial classes. Both types of classes are taken in the 'tutorial' slot of the routine.

NSS:

The college has four N.S.S. Units sanctioned by the Vidyasagar University. The units organize different programmes giving the students ample scope for participation in constructive

social service activities. The scheme is at present managed by four programme officers and four hundred students.

ONLINE CLASS

The routine of online classes is available from our website. Students can join the online classes from their home. They can get any kinds of learning facilities and queries from their teachers or Institution through e-mail, WhatsApp or telephonic communication.

COMMON ROOM

There are two separate common rooms, one for male students and other for female students. Students are provided newspapers, magazines, different indoor game facilities like carom, table tennis etc.

STUDENTS' UNION

Elected

representatives from different classes form the Union and function for a session. Students`

union improves the social and cultural outlook of the students throughout the session and keeps eyes to the academic and other interests of the students.

ACTIVITY OF STUDENT COUNCIL:

Students' union of the Mahavidyalaya is actively engaged in different extracurricular activities that help in developing social, cultural, environmental, physical as well as political awareness among-st the youths. The activities of the students 'union are enlisted bellow:

- The Cultural competition of the Mahavidyalaya is organized by the Students 'Union every year. All the students are requested to take part in the competition an automatic screening is done through this competition for the students who will take part in the University's (VU) cultural competition.
- The union publishes their annual magazine every year. A team of magazine committee is selected every year whose primary duty is to collect the writings from the students and place them before the editors' board (comprising teachers) for final selection. The magazine offers an excellent opportunity to the students to ventilate their unexplored brilliance present in them.
- The college has a history of showing good performance in Youth Parliament competition. It performed well in District level Competition as well as State Level Competition. Credit goes to the Union, right from developing the script to selection of students for the specific role, the arrangement of rehearsals, purchasing drama attires and logistical support all are done by the union.
- The annual sports of the college as a gala event, where all the departments take active participation. A college football team is selected by the union with the help of the physical education teacher, just after the annual sports. This football team (students mainly comprising from hostel) undertake regular practice and perform praise worthy performance at the University level as well as at State level competition.
- The union also take active participation in selecting NCC and NSS cadets. Regular activities of the NCC and NSS like establishment of practice camp, visiting to adopted villages, organizing seminars – film show – campus cleaning – environmental awareness in villages for NSS volunteers etc. are carried out with the help of the union.

- Among-st other works the union also logistically helps the institution organising state/national/international seminars, invited lectures, teachers' day celebration, Independence Day celebration etc.

STUDENTS ON ACADEMIC ADMINISTRATIVE BODIES/ COMMITTEES OF THE INSTITUTION:

Student representatives ventilate their grievances and opine their perspectives in the meetings of the following academic administrative bodies/committees of the institution. Their representations are valued highly as they are the elected representative/members of the students and their presence in the meetings is by virtue of their posts. 1. Governing Body of the Institution 2. Cultural – sub – Committee of the Institution 3. Games and Sports – sub – Committee of the Institution 4. Academic – sub – Committee of the Institution 5. Seminar Committee of the Institution.

CCTV SURVEILLANCE:

Closed-circuit television (CCTV), also known as video surveillance (VS), is the use of video cameras to transmit a signal to a specific place, on a limited set of monitors. In recent years CCTV is widely used in different institutions due to its success in preventing bullying, vandalism, monitoring visitors and maintaining a record of evidence in the event of a crime. There are some restrictions on installation, with cameras not being installed in an area where there is a “reasonable expectation of privacy”. In our institution it was installed over the years. However, recently we are increasing its view points of surveillance through most recent technology of communication media i.e. Fiber Optics. More than hundreds of CCTV cameras were installed throughout the lawn and main transit areas of the premises. All the camera monitors and transfer high rate of data to the NVRs& DVRs all the time (24×7) without any intervention.

ACADEMIC DEPARTMENTS AND THEIR ACTIVITIES

1. DEPARTMENT OF BENGALI

About the department.

Department of Bengali is the largest department of Sabang Sajanikanta Mahavidyalaya. This department started its glorious journey with general degree course in 1970 under the University of Calcutta. Being an affiliated college under Vidyasagar University honours course was introduced in 1996 and finally 2017 regular post graduate course in Bengali was introduced. A group of eminent teacher likes Prof. Sudha Moy Bag, Prof. Bishnupada Maity, Dr. Jaharlal Bera and others taught in the department. Their teaching and research activities glorify the department as well as the literary and cultural development of the local area.

Aims and Objectives:

1. Grow the literary and cultural atmosphere inside and outside of the college.
2. Grow the aesthetic sense among the students.
3. Find out the creativity of the students.
4. Grow the reading habit of literature among the students.
5. Find out the new writer.
6. Provide a literary platform for the new writer.

Goal of the department:

1. To introduce research facilities in the department.
2. Establish a help desk for the preparation of NET/SET, SSC.
3. To introduce the course on language and folklore.
4. Increase the seat capacity both UG & PG.
5. Translate the literary work from other language.
6. Workshop on folk culture.
7. Programme on cultural study.

Scope of further studies:

1. After the completion of the running course graduate students of this department may be admitted in PG courses in distance mood.
2. After the completion of the running course honours graduate students of this department may be admitted in PG courses in Bengali, Linguistics, Folklore and Comparative Literature both regular and distance mood.
3. After the completion of the running course post graduate students of this department may be admitted in M.Phil & Ph.D. programme in Bengali, Linguistics, Folklore and Comparative Literature .
4. After the completion of the running course any students of this department may be admitted in B.Ed. courses.
5. After the completion of the running course any students of this department may be admitted those courses where minimum eligible criteria are graduate.

Departmental Excellency:

1. A large number of students scored first class both UG & PG level.
2. A large number of students already engaged in job at school, college and office.
3. A large number of students get admission to the PG courses.
4. Some students of the department get admission to the M.Phil & Ph.D.
5. Organize some extension programme for the sociocultural development of the society.
6. Organize some special lecture about the broad area of the subject.
7. Organize national and international seminar for the uplift and advancement of knowledge.

Importance of subject:

1. A person can enrich his/her reading and writing ability.
2. Enrich the speaking ability.
3. Cooperation, humanity, sympathy and other valuable virtues can grow in mind by reading the literature.
4. Man can build his/her language capacity by reading the literature.
5. Beauty, aesthetics, ethics and other valuable senses can grow in mind by reading the literature.
6. By reading the literature, a man can feel the both happiness and sorrow of people.
7. By reading the Bengali literature, man can understand the sociocultural situation of the Bengal.

8. The skill of creative writing is increase by the study of Bengali language and literature.

Our role:

1. We take care and try to solve any kinds of problem of the students.
2. We encourage the students for creative writing.
3. We encourage the students for critical writing and research.
4. Students can get class note from the faculty member.
5. We provide special and tutorial classes for the students.
6. Teachers lend personal books to the students.
7. Students and teacher both try to support the poor students.

COURSE OFFERED

1. B.A. (General)

- Year of Establishment – **1970**
- Affiliated by – Vidyasagar University

(At the beginning The University of Calcutta)

- Seat Capacity – **800**

2. B.A. (Honours)

- Year of Establishment – **1996**
- Affiliated by – Vidyasagar University
- Seat Capacity – **130**

3. MA. (Post Graduate)

- Year of Establishment – **2017**
- Affiliated by – Vidyasagar University
- Seat Capacity – **40**

FACULTIES:

Sl no.	Name	Qualification	Designation
1	Dr. Ananya Ghosh	M.A., B.Ed. Ph.D	Associate Professor & Head (P.G)
2	Dr. Nirmal Bera	M.A., B.Ed., Ph.D	Assistant Professor
3	Mrs. Papiya Mandi	M.A., B.Ed	Assistant Professor& Head (U.G)
4	Dr. Rajesh Kumar Dutta	M.A., B.Ed., Ph.D	State Aided College Teacher
5	Dr. Chanchal Kumar Mandal	M.A., Ph.D.	State Aided College Teacher
6	Dr. Anima Roy	M.A., M.Phill., Ph.D	Guest Teacher (G.B. Approved)
7	Mrs. Debasri De Ghorai	M.A., B.Ed.	State Aided College Teacher
8	Dr. LILTU MONDAL	M.A., B.Ed., Ph.D, NET-JRF, SET.	State Aided College Teacher

DEPARTMENTAL ACTIVITIES:

1. Educational Tour & Field Survey: Department organizes an educational tour cum field survey every year as a component of the syllabus of Bengali honours course. Students make project paper on the basis of this survey. Faculty members help them to survey and project paper writing. Some important subjects of undivided Medinipur like mat of Sabang, Mogalmari Bouddha Bihar, Bidisha of Narayangarh, Gaynabarhi of Purba Medinipur, Patachitra of Pingla etc. are already been survey by our departmental team.

2. Seminar: Department organizes one international seminar on 23rd June 2022

3. Publication. There are four types of publication are in our department. These are as bellow.

- **ALO**– ALO is the wall magazine of our department. It is published in every year. The students and teachers write on the wall magazine.
- **PATISHRUTI**– PATISHRUT is the students` journal of our department. It was published on and from 2017. Only the students of the department of Bengali write on this magazine.

- **BANGABHARATI**– BANGABHARATI is the departmental journal. It was published on and from 2020. Eminent personalities along with faculty members write on this journal.
- Faculty members individually publish research article along with text and reference books regularly.
- **CHARCHA (Sahitya Asar)**: We provide a literary platform entitled “CHARCHA (Sahitya Asar)” to the students. The meeting of the CHARCHA was held regularly. The department arranges the authors meet through the CHARCHA. There are two such meet held in the department including the observation of International Mother Language Day.

4. Cultural Programme. Department arranges cultural programmes on the occasion of Rabindra Jayanti, Baise Shraban, Antarjatik Bhasa Dibas. Apart from that various national observation days and the birthdays of eminent writer are observed by the department.

5. Reunion of Alumni. There is a committee of the alumni in the department. Some alumni are-

- Debasis Bhattacharya, Asst. Prof. St. Xavier’s College, Kolkata.
- Chanchal kumar Mondal. State Aided College Teacher, Dept. of Bengali, Sabang Sajanikanta Mahavidyalaya.
- Sri Bidyut Bhunia, Asst. Teacher, Balarampur Avayashram Naitalim Vidyapith (Uchchamadhyamik)
- Sri Palash Shit, Staff, Indian Air Force.

Every year they arrange alumni meet in the department. Alumni sponsor some books to the open book corner of the department.

6. Students Guide Centre: Department takes same classes for the preparation of P.G. admission test. Some students are successfully admitted in P.G. courses through the test. Every year the students get admission many universities like Vidyasagar, Calcutta, Jadavpur, Bardwan etc. as well as some in the P.G. department of many colleges.

7. Sabuj Senani: A student forum entitles “**Sabuj Senani**” are exist in the department. Students of the department devote themselves to serve the department. They help to the teacher for cleaning, preparation of cultural programme, organize of seminar and special classes etc.

8. Banga Satra: A help desk of the department of Bengali is “**Banga Satra**”. Any students of the college get help about language, literature and cultural activities. Through this gateway the department try to communicate with outside of the college and try to spread the literary and cultural activities to develop the culture of the local society.

9. Mentor-Mentee: Mentor-Mentee system is already introduced in the department. The mentor take care about the students. Department try to solve the problems initially by action research.

10. Parents Meet: Parent-Teacher meeting is held semester wise and class wise. But the response from the guardians is very poor. We like to contact with the guardian personal level for the better progress of the students.

FACILITIES:

1. Folk Museum: A folk museum is situated in the department of Bengali. Some folk art and craft from the local area are collected. We try to enrich the museum by associate the more folk elements from the rural Bengal.

2. Manuscript Section: There is a well decorated Manuscript Section in the department. Students may skilled on manuscripts reading. Special classes are arranged on manuscripts reading.

3. Departmental Library: There are more than 200 number of books for the department of Bengali are available in the departmental library of the college. Students use these books regularly.

4. Open Book Corner: An open book corner was established in the department of Bengali. Some respected person along with the faculty members of the department donated the book here for the students. The total lending system of books from the open book corner is done by the students of the department.

5. Language Learning: Department arrange some programme on language learning. Only the students of the departments can join in this programme. The languages are-

- Indian language- *Oriya, Assamese.*
- Foreign language-

6. Invited Lecture: Department arrange invited lectures to enrich the students for advancement from the specific syllabus. Eminent teachers from reputed universities deliver lecture in our department. They are-

- (Dr.) Prakash Kumar Maiti, Banaras Hindu University. UP.
- (Dr.) Mahidas Bhattacharya, Jadavpur University. Kolkata.
- (Dr.) Bani Ranjan De, Vidyasagar University. Midnapore.
- Sushanata Jana, Midnapore College (Autonomous), Midnapore.
- Sankar Bisai, Tamralipta Mahavidyalaya, Purba Medinipur.
- Sukumar Mitra, Mahatma Gandhi College, Purulia

7. Group Teaching: As a component of new policy of class teaching, we provide the special class according to the level of the student. A group of teachers teach together in a specific class in a single topic at a time. In this way department try to reduce the lack of teaching.

8. Peer Education & Group Discussion: Most effective method of teaching in the class is peer education and group discussion. In tutorial classes we want that the students will be active in group discussion.

9. Internet: Internet connection are available in the department. This connection is fully free for the students and teachers.

10. ICT Enable Class Room: There are two ICT enable class room in the department of Bengali. Teachers use the projector for in the classes.

11. Virtual Class Room: There is virtual class room in our college centrally. Department of Bengali may also use it.

12. Computer Laboratory: There is computer laboratory in our college centrally. The students of the department of Bengali may also use it.

LIBRARY & E-RESOURCE:

1. Central Library: There are more than 2500 number of books for the department of Bengali are available in the central library of the college. Some of them are unavailable in the market now.

2. **Departmental Library:** There are more than 200 number of books for the department of Bengali are available in the departmental library of the college. Students use these books regularly.
3. **Open Book Corner:** An open book corner was established in the department of Bengali. Some respected person along with the faculty members of the department donated the book here for the students. The total lending system of books from the open book corner is done by the students of the department.
4. **E-Books:** More than 8000 books are available in the department of Bengali in soft form. Student can use them in computer as well as get Xerox copy also.
5. **Other Resource:** Class notes, model answer, critical essay and so many other study materials are available from the department.

SPECIAL FEATURE OF THE DEPARTMENT:

* Departmental library, * Open Book Corner. * Folk museum. * Manuscript Section.
 * Educational tour. * Wall magazine: ALO. * Student`s Journal: PRATISHRUTI. *
 Departmental Journal: BANGABHARATI. * Literary Platform (Sahitya Asar):

2. DEPARTMENT OF BOTANY

About Department:

Department of Botany started in 1989-1990 session with only B.Sc. General Course under Vidyasagar University. Honours course in Botany started on and from 2004-2005 session. Post Graduate studies opened on and from 2017-2018 session. Several students of the department have established themselves in various sphere of society especially in educational sector, i.e., school & colleges as teachers. Among the girls many of our students have been employed as nurses in different Government and private hospitals. Few are employed in administrative jobs. Specially after the introduction of PG course in Botany the scope of employment has widened in larger scale.

1. *Aims and Objectives of the department:*

Botany is a part of Basic Life Science and very crucial for any entrance examination or research work. The syllabi include professional science topics such as Seed Technology, Horticulture and Plant Physiology. After completion of Master degree in Botany, students are motivated to participate in conferences and workshops related to plant and its allied science and student can explore the world of biological sciences with the knowledge acquired in collaboration with its allied and physical sciences.

Objectives of the Department of Botany are:

- To comprehend functional categories in plant sciences
- To develop and promote scientific literacy among students
- To equip young student with aptitude and respect for nature
- To question, hypothesize and make informed conclusions
- Scientific skills of communication
- Proper use and knowledge of scientific materials and instruments
- Knowledge acquired to be applied for socio-economic growth and benefit
- To promote research culture for self and to benefit the society in large
- To empower them with life skills through effective guidance and counselling

2. Goal of the department:

Our goal is to provide students with quality classrooms experience with opportunities for learning scientific method through laboratory practical sessions and field work , so that they acquire the biological literary, critical thinking skills necessary for successful carrier in education, industry, to continue their education in graduate and Professional Schools.

3. Scope of further studies and interdisciplinary perspectives and opportunities for career development:

After duly completing a bachelor's education in Botany, a candidate can look forward to being a part of the industry by working as a **technician**, whereas, a candidate after completing his/her master's education can look forward to working with some industry giants or being a part of good **research** teams. The amount of diversity in the field of Botany gives it students to choose their **specializations** as per their choice, aptitude and interests. There is huge scope of being a part of this industry merely keeping in mind the amount of diversity it has to offer. One can be a part of any reputed organization as a

Plant explorer: Botanist with a passion for plants who could be a photographer, writer, expeditioner, etc

Conservationist: Is an individual who works for the conservation of the environment and is often linked to organisations working for the cause.

Ecologist: A person who works for the eco-system and a balanced environment.

Environment consultant: Some botanists qualify to work as environmental consultants, providing inputs and advice for the conservation of the environment.

Horticulturist: A horticulturist knows the science behind different plants, flowers, and greenery. They conduct research in gardening and landscaping, plant propagation, crop production, plant breeding, genetic engineering, plant biochemistry, and plant physiology.

Plant biochemist: Biochemists study the chemical and physical principles of living things and of biological processes, such as cell development, growth, heredity, and disease.

Molecular biologist: Molecular biologists conduct research and academic activities. The research component involves the study of biological structures in well-equipped laboratories

with advanced technology to help them explore complex molecular structures and their particular functions. The equipment may include microscopes, lab centrifuges, computers with specific software that allows them to analyse obtained data, and many more.

The number of professions botanists can go into nowadays is endless. Moreover, the application of plant sciences improves the yield and supply of medicines, foods, fibbers, building materials and other plant products. The knowledge of **plant sciences** is essential for development and management of forests, parks, waste lands, sea wealth etc.

Few of the **industries** which one can work with are:

- Chemical Industry
- Food Companies
- Arboretum
- Forest Services
- Biotechnology Firms
- Oil Industry
- Land Management Agencies
- Seed And Nursery Companies
- Plant Health Inspection Services
- National Parks
- Biological Supply Houses
- Plant Resources Laboratory
- Educational Institutions

4. *Departmental excellency:*

The department is having well developed, organized basic infrastructure.

- Well-furnished class room
- Sophisticated Equipment.
- Computer with Internet Facility.
- Department Library.
- Well Equipped Labs.

5. Importance of the subject in the field of entire education system

The role of Botany and Plant Science are the basis for the development of Agriculture and Plant Biotechnology. Plants are a fundamental part of life on earth. They generate the oxygen, food, fibres, fuel and medicine that allow higher life forms to exist. Plants also absorb carbon dioxide, a significant greenhouse gas, through photosynthesis. Conservationists use botanical knowledge to help manage parks, forests, rangelands, and wilderness areas. Public health and environmental protection professionals depend on their understanding of plant science to help solve pollution problems. As with other life forms in biology, plant life can be studied from different perspectives, from the molecular, genetic and biochemical level through organelles, cells, tissues, organs, individuals, plant populations, and communities. At each of these levels, a botanist might be concerned with the classification (taxonomy), structure (morphology and anatomy) or function (physiology) of plant life.

6. Our role:

The teacher's main role is as a facilitator – there to offer support and advice when needed, and to provide the necessary scaffolding and teaching of skills when necessary

- Draw real-life connection
- Encourage students
- Change the scenario of life
- Track improvement & set performance goals

3. DEPARTMENT OF CHEMISTRY

About the Department

The Department of Chemistry is one of the oldest departments of this college which started its journey from the establishment of this college in the year 1970, at that time only Higher Secondary (10+2) syllabus was taught. The department introduced at first the general course in Chemistry in the year 1980 for the students and after a long journey the department introduced the Honours course in the year 2005. Finally, the department is upgraded by introducing PG course in the year 2017. The intake capacity honours course has been increased to thirty-one and for PG course it is twenty. At present, the department has six faculty members. The academic condition in terms of quality of faculty and learning transfer process is healthy and adequate. The department organizes departmental seminars on different recent topics in Chemistry in which eminent speakers from different department of our college deliver their lectures. The department has its three well-equipped laboratories, a small library, and one computer with internet facility for the teacher as well as students. In its journey three minor research projects financed by UGC have been completed by the faculties. The department carries out extra curriculum activities like preparation Jam jelly commercially to develop self-

support system among the students. The department also involves in social activities like water and soil testing process from where local cultivators and stockholders are being benefited.

Aim and objective of the Department:

Aim:

The Chemistry Department of Sabang Sajanikanta Mahavidyalaya dedicated to cater the essence of advancement of chemical science to the pupils coming from the families of the area of landless, marginal and small cultivators, agricultural labourers, unprivileged classes as well as other socially and economically backward communities by way of creating the scope higher. The department is determined to offer the highest quality graduate (BSc.), Post graduate (MSc) and Research aptitude. The department is aspiring to cooperate effectively with other science departments involving interdisciplinary programs for comprehensive excellence.

Objectives:

- Developing the scientific mind set up of the pupils and catering chemical knowledge to the society.
- Developing scientific personalities for the service of the community and society.
- Providing the technical services in field of chemistry to both public and private sectors.
- Understanding the interdisciplinary nature of chemistry and to integrate knowledge of mathematics, physics and other disciplines to a wide variety of chemical problems.
- Contributing the improvement of the public at the scientific cultural awareness.
- Learning the laboratory skills needed to design, safely conduct and interpret chemical research.
- Developing the ability to effectively communicate scientific information and research results in written and oral formats.
- Conducting academic and industrial scientific research necessary for improve the quality of live for the people of the society.

Goal:

1. To create an academic environment which promote the intellectual and professional development of students and faculty members.

2. To provide the knowledge of chemistry that stresses scientific reasoning and analytical problem solving with a molecular perspective.
3. To expose the students to the breadth of scientific research and experimental techniques.
4. To provide students with the skills required to succeed in higher education, the chemical industry or professional area.
5. To develop self-support system among them

COURSE OFFERED:

UG Section : Intake capacity: 30

B.Sc. General Graduate Degree Course (3yr)

B.Sc. Honours Graduate Degree Course (3yr)

LIBRARY & E-RESOURCES:

- **Seminar Library:** A departmental library is running individually rather than central library. It is enriched with good collection of text books and reference books as ready recon. The students as well as teachers of this department can avail this library facility. Students can have easy access of the books for reading and also facility of lending of books offered to them.
- **Questions of previous year:** The departmental library also preserves the final questions previous years. The students of both UG and PG sections are benefited and uses as question banks.
- **Research papers:** The library is also enriched with few selective research papers of different reputed journal.
- **Synopsis:** Synopsis of the project works are also preserved and available for the Pg students before stating the new projects.
- **e-books:** Good number of e books are available from departmental computer
- **e- Class notes:** soft copies of Modules, Class Notes, PPT files, etc. are also available.
- **Software:** Chemistry related different software are also available in the Departmental library.

SPECIAL FEATURE OF THE DEPARTMENT:

- * Departmental library, * Wall magazine: * Well Decorated Laboratory, * Internet,
- * Class Room with ICT facilities

THRUST AREA

1. The department provides sophisticated equipment's, software and ICT enabled infrastructure for Under Graduate as well as Post Graduate students.
2. So many eminent professors from different colleges and universities enriches the teaching learning processes of this department.
3. Faculty member have received two individual and one interdisciplinary Minor Research Projects from UGC.
4. PG students are provided the opportunity to engage the research work on advanced topic like 'Nano Science and technology'; bio-materials and its applications etc.

PRIZE & AWARD:

To U.G. Topper & P.G. Topper

4.DEPARTMENT OF COMMERCE***About the Department***

Since its commencement in the year 1971, the principal aim of this department has been to engineer the students of this department to cope up with the changing societal realities through the dissemination of knowledge. Working on the objective of imparting quality knowledge in commerce to the students, the department has been able to make possible the cultivation of interest in higher studies and academic research.

Vision and Mission

The vision of this department belongs to exploring the commerce study & investigation, policy framing & execution issues confronted by the India and rest of the world. This department flourishes to grasp the substance of peculiarity in teaching-learning, investigation & annexe. This department tries to develop itself into a world class centre of excellence in the fields of Business and Commerce through value-based education, training & research.

The mission of this department are many-sided, like, to inspire and empower the students to become innovative leaders, contribute to the success of organizations and betterment of communities to provide quality education in the paddock of Commerce and mould the students

to ensemble the national concern with social obligation, to bestow the students of Commerce to explore the local, national and global economic trends, and to equip students with the skills needed to adapt better to the changing global scenario and gain access to multiple career opportunities .

Teaching Method

Teaching method includes classroom teaching, individual and group interactions with the teaching staff outside the class room, lecture exhibition and students' seminar, project work, etc.

Method of Evaluation

The department follows the continuous system for evaluation of the students through internal examinations and University Examination.

COURSES OFFERED

The Department offers undergraduate honours course and undergraduate generic course. The curriculum and syllabus of these courses is under CBCS with the affiliation of Vidyasagar University. Programmes covered by the department B. Com (Honours) in Accounting & Finance, and B. Com. (General).

FACULTIES COMMERCE:

Faculty Information System

Sl no.	Name	Qualification	Designation
1	Dr. Bijoy Debnath	M. Com. Ph.D	Associate Professor (on lean)
2	Dr. Abhik Mukhopadhyay	M. Com., Ph.D.	Associate Professor& Head

DEPARTMENTAL ACTIVITIES:

Apart from the regular classes, the teachers arrange review classes to assess the understanding of the students on the core concept of concerned area of the subject. Special tutorial classes are given on the weaker area of the students. Assignments are also given and

checked regularly. We have a system of formal class tests whose score is recorded in order to check the trend of the performance of the students. The department also arranges remedial classes for the slow learners. Students are encouraged to participate in various seminars organized by the college.

Industrial Visit

To give an exposure to students to the larger world of Information Technology and to the world of industry, Industrial visits are being arranged at appropriate occasions. Industrial training programme of 4 to 5 days is organized by the university on annual basis, the Mahavidyalaya take part in this training program.

Co-Curricular Activities

For their development taken as a whole the students of this department are encouraged to take part in different co-curricular activities like interdepartmental and college level sports meets, youth parliament competition and cultural competitions. To enhance their surveillance and investigative power, students are motivated to take on rural surveys.

Departmental Meeting

Departmental meeting is regularly held to discuss the different issues of related to academic issues of the department.

Observation Day Celebration

Teachers' day celebration & freshers' welcome

Future Plans of the Department

1. Inventiveness for taking up research projects in the department.
2. Advanced use of sophisticated ICT technology in teaching & learning process.
3. Making the teaching-learning course of action more interactive by organizing departmental seminar frequently.
4. Organize special lectures for the students to develop their general knowledge enhancement which will assist them in self-development and getting better future career.

Facility in the Department

- Dedicated Class Rooms : Two
- ICT based class Room : One
- Internet/ WiFi accessibility : Yes
- Others: Seminar Library : Yes

LIBRARY & E-RESOURCES

- **Seminar Library:** The Department has a rich source of books on the subject in its seminar library, with a good number of varieties. Not only syllabus oriented textbooks, the seminar library of Commerce consists of various reference books and a wide range of books covering diverse disciplines of Commerce that will definitely serve the purpose of enriching the students and guiding them to develop a better understanding of the subject. Students can have easy access of the books for reading and also facility of lending of books offered to them.
- **Sophisticated collection of e-books**
- **e- Class notes (like PPT files, etc.)**
- **Access to Web-resources: MOOCs (massive open online courses)** are offered for free to anyone wishing to learn. This is one of the most useful online student resources. Teaching faculties encouraged and guide the graduate students to avail the courses helpful to them.

. **Mentor-Mentee and its output/feedback:** ‘Mentoring System’ is a new process that has been established in our department. During their course of journey students often need mentoring, guidance and counselling. Direct academic issues e.g. selection of electives can be easily communicated to the student. Each Faculty will be the mentor of a group of students.

Mentors have to perform some responsibilities

1. The mentors guide and motivate the students in all academic matters.
2. The mentors communicate with the parents/guardians if situation demands e.g. for academic irregularities, negative behavioural changes and detrimental activities.

Mentor	Mentee
Dr. Bijoy Debnath	Students of First Year B.Com Hons and First Year B. Com General and Students of Second Year B.Com Hons
Dr. Abhik Mukhopadhyay	Students of Third Year B.Com Hons and Third Year B. Com General and Second Year B. Com General

. **Community outreach programme:** Students are encouraged to enroll their names in NSS cell of the Mahavidyalaya and to participate in the various extension activities organized by the college.

THRUST AREAS OF THE DEPARTMENT

- In-depth understanding on theoretical concepts on Accounting, Finance, Human Resource Management, Marketing, Law, Auditing, Costing, Micro Economics and Macro Economics.

5. DEPARTMENT OF COMPUTER SC.

About the Department

Sabang Sajanikanta Mahavidyalaya, set up in a rural area, is known for its Excellency. It provides opportunity to the students to get admission here in their favourite subject from Arts, Science or Commerce in ‘honours’ as well as ‘general’ course. But the world is being changed digitally and we can’t leave our students, mostly from country side and poor, to lag behind when the world is running fast. Keeping in mind this futuristic outlook Sabang Sajanikanta Mahavidyalaya opened The Department of Computer Science. The Department of Computer Science was incepted in 2017 and began its journey first in general course and in future it’s going to provide ‘honours’ also.

Objective of the Department:

The authority has promised to take all possible measures to make the Department of Computer Science the pride of Sabang Sajanikanta Mahavidyalaya. 6.DEPARTMENT OF ECONOMICS***About the Department***

In today's world of globalization, knowledge is the ultimate source of power. The ability of enhancement of renovating the information into knowledge by analyzing the emerging trends is the key factor for acquiring this power. The power of knowledge brings forth the development of an individual as well as the economy as a whole. Economics is the study of how society manages its scarce resources. The knowledge of Economics creates the opportunity for the individual to appreciate the minutiae of this new capitalized universe where efficiency is the ultimatum. For a graduate student in economics, there exists ample job

opportunities. The Graduate Department of Economics is a premier department in the Faculty of Science of Sabang Sajanikanta Mahavidyalaya. We, the teaching staff of this Department, are trying our level best to prepare the students of this department so that they can enjoy the benefit of studying Economics.

- ***Mission and Vision of the Department***

Since its inception in 1970 the department has been copious rural predisposition to its programmes of graduate teaching, especially for field survey / projects. Working on the objective of imparting quality knowledge in Economics to the students, the department has been able to make possible the cultivation of interest in higher studies and academic research.

The mission of this department are many-sided, like, to provide quality education in the paddock of Economics and mould the students to ensemble the national concern with social obligation, to bestow the students of Economics to explore the local, national and global economic trends, and to educate them to engage in collective odd jobs as well as to come up to good future career.

The vision of this department belongs to exploring the economic swot up & investigation, policy framing & execution issues confronted by the Indian economy and rest of the world economies. This department flourishes to grasp the substance of peculiarity in teaching-learning, investigation & annexe. This department tries to keep up with the escalating demand for knowledgeable human capital in state-owned sector, non-government sector and other sectors as well as fostering academic researchers in the field of economics.

- ***Teaching Method***

Teaching method includes classroom teaching, individual and group interactions with the teaching staff outside the class room, lecture exhibition and students' seminar, project work, etc.

- ***Method of Evaluation***

The department follows the continuous system for evaluation of the students through internal examinations and University Examination.

- ***Opportunities before Economics Discipline***

Economics is a subject which has ample job opportunities in diversified fields, viz., IES, Union & State Civil Services, Reserve Bank of India, Commercial Banks, NSSO, BASE, CSSO, Ministry of Economic Affairs, Planning Commission, NCAER, NIPFP, Teaching job, and Private sector job, like job in Private Banks, MNCs, Business journals, Newspapers & Corporate lawyer.

- ***Challenges Ahead before Economics Discipline***

It is too challenging to teach a dynamic subject- Economics. Another remarkable challenge for this department at present is to create demand for the subject locally among the potential students.

- ***Future Plans of the Department***

1. Advanced use of sophisticated ICT technology in teaching & learning process.
2. Making the teaching-learning course of action more interactive by organizing departmental seminar frequently.
3. To initiate extension activities with a view to promote regional rural development in collaboration with local gram panchayat.

DEPARTMENTAL ACTIVITIES

Apart from the regular classes, the teachers arrange review classes to assess the understanding of the students on the core concept of concerned area of the subject. Special tutorial classes are given on the weaker area of the students. Assignments are also given and checked regularly. We have a system of formal class tests whose score is recorded in order to check the trend of the performance of the students. The department also arranges remedial classes for the slow learners. Students are encouraged to participate in various seminars organized by the college.

Co-Curricular Activities

For their development taken as a whole the students of this department are encouraged to take part in different co-curricular activities like interdepartmental and college level sports meets and cultural competitions. To enhance their surveillance and investigative power, students are motivated to take on rural surveys.

Departmental Meeting

Departmental meeting is regularly held to discuss the different issues of related to academic issues of the department.

Observation Day Celebration

Teachers' day celebration & freshers' welcome

Special Activities: Visit to Problematic place

Articles by teachers & students on different contemporary topics in Geography are visited time to time.

Mentor-Mentee and its output/feedback: 'Mentoring System' is a new process that has been established in our department. During their course of journey students often need mentoring, guidance and counselling. Direct academic issues e.g. selection of electives can be easily communicated to the student. Each Faculty will be the mentor of a group of students.

Mentors have to perform some responsibilities:

- The mentors guide and motivate the students in all academic matters.
- The mentors communicate with the parents/guardians if situation demands e.g. for academic irregularities, negative behavioural changes and detrimental activities.

SWOC ANALYSIS OF THE DEPARTMENT***Strengths***

1. Nice co-ordination among all the teaching staff of the department
2. Moderate collection of e-resources
3. Sophisticated collection of reference books in the seminal library
4. Arrangement of remedial classes on regular basis

Weaknesses

1. The students having very little/lack of knowledge on H.S pure Mathematics and English take admission in this department where sound knowledge of those two subjects are very much essential.
2. Deficiency of teaching staff in relation to huge burden class to cope up with the needs of CBCS syllabus.
3. Absence of academic support staff to the department.

10.DEPARTMENT OF HISTORY

About the Department:

This college was established in 1970. The History department was stated in the same year. From the very beginning, students are so much interested in this subject that almost half of the pass course students have been taking this subject. When honours course was introduced, many students could not take this subject as the interested number of students was greater in number than the quota of seats allotted by the affiliating university. We offered H. S. Course along with Pass and Honours Courses. When government withdrew H. S. Course from the college education system, we continued to teach Pass and Honours Courses. The number of seats for Honours is doubled now. From the very beginning we have only two full-time teacher and two part-time teachers. One post is sanctioned for S. T. candidate. But, we could not get any full-time teacher as S. T. candidates are very rare. We are burdened with the syllabus due to lack of sufficient teachers in this department.

Mission and Vision of the Department

Our motto is to make the students aware of the rich heritage of India. We teach how the evolution of civilization that indoctrinates us with the ideal of Vasudhaiva kutumbakam and tolerance towards other faiths and opinions took place. We also teach how the civilizations of other parts of the world have evolved. Importance is given on how the society, economy, religion, language, administration and culture have been transformed with the progress of time and influenced by various traditions of other civilizations. With the knowledge of our rich traditions, the students will learn how to accommodate with the diversity of culture and to transform the world in a way so that all the human beings may coexist in harmony. We help our students in a way so that they can be employed in different jobs including teaching and research works to help others to enrich their knowledge and living.

Teaching Method

We generally follow lecture method. We also inspire students to ask questions to make them inquisitive. We guide our students how to write papers on specific topics, to explain sources and to improve the quality of their answers in readable and knowledgeable way.

Method of Evaluation

We inspire the students to critically analysis the theme we teach them. This process helps us to evaluate their level of understanding the theme. We take tests in the class and show them how to improve their writing.

Opportunity before the students of History Discipline

To the students of history there are many avenues open for getting jobs like teaching in schools, colleges and universities. They may sit for Public Service Commission Examinations.

Challenges before our history department

The major problem is that increase of employment opportunities are lagging much behind the increase in number of passed candidates. Besides, in our department number of faculties is very insufficient. This is main reason why we cannot open Master degree course and research department despite increasing demand for them.

FUTURE PLAN OF THE DEPARTMENT

1. Advanced use of sophisticated ICT technology in teaching & learning process.
2. Making the teaching-learning course of action more interactive by organizing departmental seminar frequently.

To create website through which we can impart lessons both to our students and to other interested people

12. DEPARTMENT OF MATHEMATICS

About the Department

Sabang Sajanikanta Mahavidyalaya started its functioning in the year 1970. The Department of Mathematics is one of the oldest departments of this college which started its journey from the beginning, but at that time only Higher Secondary (10+2) syllabus was taught. The department introduced at first the general course in Mathematics from the session 1981-1982 for the students and after a long journey the department introduced the Honours course from the session 2003-2004. Now the number of seats for the honours course has been increased to forty. The department carries out different types of academic activities. At present, the department has four faculty members (two full time teachers and two guest teachers). The academic condition in terms of quality of faculty and learning transfer process is healthy and adequate. All the teachers of the department are sincerely engaged in scholarly pursuits. The department arranges extra classes for the benefit of the slow learner. The department conducts Internal Assessments (two assessments per semester for Honours students and one assessments per semester for General students) to prepare the students for university examinations. There is a healthy relationship between the teachers and the students. The success rate of the students in the University exam is high. In the final University exam 100% students passed in the academic session 2018-2019. Two or three students in almost every semester get 8.0 grade and above marks in the final exam. The students of our department also participate in NSS programmes, NCC and other activities of the College. The Department of Mathematics has been providing the students cultural and social heritage of Indian civilization to humanize and enrich the modern notion of progress and to enable it to promote the students to become good citizen.

Mission and Vision of the Department

(Since its inception in 1970 the department has been copious rural predisposition to its programmes of only Higher secondary (10+2) syllabus teaching. The department introduced at first the general course in Mathematics from the session 1981-1982 for the students and after a long journey the department introduced the Honours course from the session 2003-2004. Working on the objective of imparting quality knowledge in Mathematics to the students, the department has been able to make possible the cultivation of interest in higher studies and academic research.

The Mission of this department are

- Produce graduates that are in worldwide demand
- To make students aware of technology to explore mathematical concepts through activities and experimentation.
- To inculcate in students the ability to apply mathematical and computational skills to model, formulate and solve real life application.
- To make the students capable of discharging professional, social and economic responsibilities ethically.
- Undertake educational outreach and community engagement that increases mathematical and computing literacy nationally and globally.

The Vision of this department are

- The Department of Mathematics has always strived to be among the best Mathematics Department under Vidyasagar University.
- To achieve high standards of excellence in generating and propagating knowledge in Mathematics. Department is committed to providing an education that combines rigorous academics with joy of discovery.
- To provide an environment where students can learn, become competent users of Mathematics and understand the use of Mathematics in other disciplines.

COURSE OFFERED MATHEMATICS

The Department offers undergraduate honours course and undergraduate generic course. The curriculum and syllabus of these courses is under CBCS with the affiliation of Vidyasagar University.

Programmes covered by the department are B.Sc (Hons) in Mathematics and B.Sc (Gen) in Mathematics.

- **Dedicated Class Rooms** : **Three**
- **ICT based class Room** : **One**
- **Internet/ Wi-Fi accessibility** : **Yes**
- **Others: Seminar Library** : **Yes**

SWOC ANALYSIS OF THE DEPARTMENT

Strength:

- Faculties are well educated and always cooperate with every student.
- Computer Lab with internet facility.
- 24-hours Internet and Smart Room.
- Separate departmental library with various text and reference books.
- Some of our faculties take classes regularly of B.Com.(Hons and Gen) besides taking classes of our own department.
- Use of e-books with free of cost.

Weakness :

- Limitation of Teaching full time Staff
- No non-Teaching full time Staff
- Limitation of Books
- Limitation of Rooms

Opportunities:

Mathematics is a subject which has progress for higher education and also employment opportunities in Teaching job, Private sector job, like job in Private Banks and private company etc.

Challenges:

It is too challenging to teach a dynamic subject-Mathematics. Another remarkable challenge for this department at present is to create demand for the subject locally among the potential

students. Most of the students come from rural background and from low economic status. High concentration of students in Mathematics is another challenge before the department.

Teaching Method

Teaching method includes Face to Face classroom teaching and Learning method, individual and group interactions with the teaching staff outside the class room, lecture exhibition, Problem-solving method, Audio Visual method and students' seminar, practical etc.

Method of Evaluation

The department follows the continuous system for evaluation of the students through internal examinations and University Examination.

FUTURE PLANS OF THE DEPARTMENT

1. Advanced use of sophisticated ICT technology in each classroom for teaching & learning process.
2. The department plans to initiate Certificate Course.
3. To encourage the students the department plans to organize faculty exchange and students exchange programme with the other Institution.
4. The department plans to upgrade the existing departmental library.
5. The department also plans to organize a International Seminar.
6. The department plans to open M.Sc. course in future.
7. Considering needs of the present generation we have to adopt technologies to reach in the newer height so that our students can cope-up with other students of various institutions under Vidyasagar University and abroad.

LIBRARY & E-RESOURCES

- **Departmental Library:** The Department of Mathematics has a small separate departmental library which is quite rich in collection of text books and reference books (above 100 books) for teachers as well as students. DIFFERENT ACTIVITIES REPORT IN THE ACADEMIC SESSION 2021-2022:

1. A Report on Outreach and Extension Programme on 29-06-2022

An Outreach and Extension programme was held on 29.06.2022 in Benedighi Janakalyan High school by the Dept. of Mathematics, Sabang Sajanikanta Mahavidyalaya. The topic of the programme was on career counselling and relevance to the subject "Mathematics". The programme was held mainly with class-xii students. Nearly 21 students were present in the programme. Through these Programs, we inform them the importance of Mathematics as a Subject and tell them what they can do in the future when they choose this subject. At the same time, we provide various information about their desired future career.

2. A Report of Invited Lecture on "Some Mathematical Problems in our daily life" on 23/09/2022 Organized by Department of Mathematics in association with IQAC, Sabang Sajanikanta Mahavidyalaya, Lutunia, Sabang, Paschim Medinipur.

The department of Mathematics, Sabang Sajanikanta Mahavidyalaya organized an Invited lecture on 23-09-2022 at 12p.m. in departmental classroom (Room no. U-107) . The topic of Lecture was "Some Mathematical Problems in our daily life ". Dr. Bablu Samanta, Assistant Professor, Department of Mathematics, Hijli College, Kharagpur, West Bengal was the resource person of this Invited lecture. Eighteen (18) students of 1st ,3rd and 5th sem of Mathematics Honours and General participated in this lecture. The Program was started by an introductory speech by Dr. Puja Ghosh, H.O.D, Dept. of Mathematics, Sabang Sajanikanta Mahavidyalaya. Dr. Bablu Samanta delivered his lecture on Some mathematical problems and its applications in our daily life. A question answer session followed it .The participants cleared their doubt by asking some conceptual and interesting questions to the resource person. His lecture continued for two hours. The programme was concluded with a Vote of thanks given by Mr. Pralay Poria, Assistant Professor, Department of Mathematics.

3. Reunion:10-10-2021

The Department of Mathematics Sabang Sajanikanta Mahavidyalaya Organised on Alumni Meet entitled on 10.10.2021 at 2 pm on virtual meet on google meet plat form . 27 members working in different fields along with joined the program prof. P. Paria , H.O.D , Department of Mathematics ,acted as the president of program . The program started with introductory speech by Dr.P.Ghosh . Mr. santanu chaulya took the microphone and conducted the whole program mandira Maity Ex-student (pass out in 2021) recited a poem of her choice. Alay Kumar, Subrata Jana Tapas Kar , Swapnil Samanta ,Ex-students of this mahavidyalaya , shared their experiences in this mahavidyalaya . The Program continued for about 2 hours . In the end, president Dr. Poria concluded with his valuable speech followed by a vote of thanks by B.paria

EXTENSION ACTIVITIES/ CAREER COUNSELLING

Title of the Programme: Career Counselling program and subject relevance.

Date: 29/06/2022

Venue: Benedighi Janakalyan High School (H.S.), Lutunia, Sabang, Paschim Medinipur.

Organized by: Department of Philosophy, Sabang Sajanikanta Mahavidyalaya.

Aims: Through these programs, we educate students on the value of philosophy as a discipline and discuss the many career paths open to those who study it. We also give them numerous details about the future they hope to have.

Resources Persons: Dr. Pinki Das, Assistant Professor & Gourhari Singha, SACT, SSKM.

No of Students Present: 95

Outcome: Students will be able to find out what career choices they can make in the future and have a clear understanding of the subject of Philosophy. They will understand why choosing higher education is the best option for the future.

14. DEPARTMENT OF PHYSICAL EDUCATION

About The Department:

The Department of Physical Education is the part of faculty of Arts and started its academic journey in the Year 2001 as **an inter-disciplinary subject involving the study of Sports Physiology and Anatomy, Bio-mechanics, Human Psychology and Social Sciences.** Field and Lab practical classes are performed in spacious and well-equipped manner. Our Departmental community consists of dedicated one full-time and one SACT faculty members and over 350 undergraduate students make the environment conducive and hold our department together. The Department of Physical Education is committed to the promotion of Health oriented and Competition oriented Activity and Sports for the overall development of the student community. The Department has encouraged students in participating in inter collegiate and other major sports activities at university level and state level. The Department has also rich experience of organizing District Level inter-college Sports activities. The Department offers facilities for sports activities like Athletics, Football, Badminton, Table Tennis, Chess,

Volleyball and a Fitness centre. The students have brought laurel memorable moments by excelling in different sport and game events to the college. The Department place on record the disciplined, dedicated and determined effort of all the students for keeping the college flag flying.

Our vision: To educate students psychometrically as they make contributions to the profession, communities and the society as well as make themselves physically fit , mentally stimulating and satisfying and socially well-adjusted fit citizen.

Our Mission: To maintain a department that is regarded as equal to any in terms of relevancy with learning opportunities by quality of support and facilities and the working experience.

Values: Strengthening integrity, commitment, perseverance and courage. Accept a range of abilities with tolerance, Rangimarie with open-mindedness and non-discriminatory practices in the society.

Teaching Method: It includes Classroom, Field and Laboratory practical teaching with audio visual interaction and project work. An individual and group interaction with the teaching staff outside of the teaching hour is also available.

15.DEPARTMENT OF PHYSICS

About the department

Aims & Objectives of the department

Science can clear the fields on which technology can build. Science is about understanding, reasoning and improving the natural world through systematic observation, experimentation, modelling and calculation. The study of physics provides students with an understanding of systems that is the basic of the development of technological applications. Studying Physics at Sabang Sajanikanta Mahavidyalaya can provide you with the Golden opportunity to harness the skills and knowledge necessary to make a real contribution to the challenges facing the world today.

Goal of the Department

The goal of the physics department to provide the student with a broad understanding of the physical principles of the universe, to help them develop critical thinking and quantitative reasoning skills, to empower them to think creatively and critically about scientific problems and experiments, and to provide training for students planning careers in physics and in physical sciences broadly defined, including those interests lie in research, or college teaching, industrial jobs, or other sectors of our society.

Scope of further studies and interdisciplinary perspectives and opportunities for career development.

Physics graduates have a wealth of career opportunities open to them. With a Bachelor or Post graduate of Science degree in Physics, students can pursue careers in research and development, science, engineering, education, medicine, law, business, the military and various education sectors. Current students can take advantage of the many research and internship opportunities available to them for the career of their choice.

Importance of the subject in the field of entire education system

Physics is an important element in education of chemists, engineers and computer scientists, as well as practitioners of the other physical and biomedical sciences. Physics extends and enhances our understanding of other disciplines, such as the earth, agricultural, chemical, biological, and environmental sciences, plus astrophysics and cosmology- subjects of substantial importance to all peoples of the world.

Our roles

The subject, Physics under the department in Sabang Sajanikanta Mahavidyalaya, affiliated to **Vidyasagar University** was established in 1985 with an ambition to pursue high level teaching methodologies and top-notch research in advanced areas of experimental and theoretical physics and interdisciplinary areas of science and technology. The department starts out its journey to teach Under Graduate Physics under **Calcutta University** in the year 1980 as well as Post Graduate physics under Vidyasagar University in the year 2017 with sincere and experienced faculty. The department has well equipped teaching laboratories including modern experimental set ups for achieving high standards in learning. The curriculum is framed in such a way that students are able to achieve sound theoretical foundation and problem-solving skills and exposure. A range of M. Sc. Project (in **Saha Institute of Nuclear Physics, S N Bose National Centre for basic Science**), areas is provided. M.Sc. students are given hands on training in all aspects of the subject being taught from computation to sophisticated experiments. We encourage our students to present their work in conferences and to publish their work in journals. We do give much emphasis to presentation skills and train students to appear for National Level Exams. Our PG programme is running with renowned professors as well as famous guest teachers who come from different colleges (Under VU & CU) to share their huge knowledge with the students.

16.DEPARTMENT OF PHYSIOLOGY

ABOUT THE DEPARTMENT:

The term physiology originated from a Greek root Physiologists meaning discourse on natural knowledge. It was introduced by the French physician Jean Fernel in 1552. Physiology deals with the normal functioning of the body.

There are so many divisions in this branch of science and those are only to approach and understand the same problem from different standpoints. In spite of such endeavour, there are still many aspects of physiology which we fail to understand. It indicates more probably that our investigations are not adequate enough and that our methods of study are not perfect. In a nutshell, the whole purpose of physiology is to explore the normal functioning of the living organisms– their principles, mechanism and control.

THE COURSE OF OUR JOURNEY:

It was a period of 20 years which is taken to start the department of Physiology in this college. The journey was started in the year 1991-1992 as a general course. Starting from a very small structure (body), it has been enriched day to day. Now it has its own well-equipped laboratories, departmental library and one computer with internet facility. Ten years ago the department has got the full time teacher. Before that so many qualified persons had served and developed it time to time. We pay our sincere gratitude to their honest effort.

FINANCIAL ASSISTANCE:

The expenditure of the department is treasured by the college authority. Usually, instruments are purchased by the financial assistance of UGC, Govt. Of India, whatever and whenever it is found.

MANAGEMENT:

There is an institutional committee chaired by the principal which reviews the academic matters including the admission process to well-being of actual or potential students. Except this, there is laboratory sub-committee specifically concerned with the laboratory related issues. Taking suggestions and assistance from those committees the teaching and non-teaching staffs usually conduct the departmental activities.

COURSES OFFERED:

Year of Establishment: B.Sc. Gen-1991

Course offered	B.Sc. Gen.
Capacity	As per demand

DEPARTMENTAL ACTIVITIES:

In this rural sector, our students have to overcome so many hurdles to be educated. In spite of those negative forces their performance is satisfactory. As per the university syllabus, the students conduct diet survey in the nearby locality each year.

They are motivated to publish wall magazine on a regular basis and they participated in the community-based awareness programmes arranged by the NSS wing of the college. One International level invited talk was arranged by the department last year.

PLACEMENT OF STUDENTS:

Our students are settled in various professions. Most of them are teachers in schools. Some pupils are successful as laboratory technicians. Few students have got jobs in Govt. offices.

FACILITIES

The department of physiology had got two rooms for laboratory. The total area occupied is about 1000 sq. ft. One room is used for Biochemical experiments and another is specified for Histology, Experimental and Human experiments. About 150 sq. ft. area from one room is separated for office purpose. We have sufficient almirah and steel racks to keep the objects safely. Tables for experiments and official work are arranged properly. In spite of some deficiency, our working place is well-equipped and well arranged.

We have a small departmental library with text books & Journals. It is enriched by the books and journals from MRP fund. It needs more books in Bengali to meet the students demand.

17. DEPARTMENT OF POLITICAL SC.

About the Department:

Political Science Department was established in the year 1980. At that time only pass-course was offered as a part of academic curriculum. Honours Course was introduced in the year 1996. At present two full-time Assistant Professors and three State Aided College Teachers are engaged in teaching and Co-curricular activities of the Department. Our department is one of the largest departments of this college. From the time of inception, the academic result of the Department has been consistently good.

Goals of the Department

The sole aim of the department is to prepare the students of this department so that they can have a better understanding of the present political set up in our home state as well as in India. The motto is to prepare them as the future citizens, who will have a better understanding of the political issues and will not detach morality from politics to have a better grasp of ever-changing socio-political realities, through the dissemination of knowledge. Working on the

objective of imparting holistic knowledge of present political scenario to the students, the department is ever effortful in making possible the cultivation of interest in higher studies and academic research.

Scope of further studies

The knowledge of Political Science is indispensable for today's world. Every year 20-30 per cent of graduate students from this department go for higher studies, for pursuing their Master degrees in various Universities.

Departmental Excellency

Teaching Method

Teaching method includes classroom teaching, individual and group interactions with the teachers outside the class room, lecture exhibition and students' seminar. In the wake of the recent Pandemic (COVID-19) we recently have developed e-platform like Google classroom for imparting knowledge and student-teacher online interactions. Platforms like Zoom Video Conference and Google Meet have vividly been explored for conducting e-classes. The students' response was very encouraging.

Method of Evaluation

As per the guidance provided by the University, the department follows the continuous system for evaluation of the students through internal examinations and University Examination.

Participation in extra-curricular activities

The Department, from the very beginning has always inspired the students, not only of this department, but from all the departments of the Mahavidyalaya to participate in debate competitions, YPC, essay writing competitions, etc.

Importance of the Subject

It is a well-known fact that we live in a political world and no one is above its impact. So, in case of academic study and competitive exams also, the knowledge of political science and global politics, in a word is indispensable.

Our Roles

The Department along with impartment of knowledge is keen on preparing future generations of citizens and leaders who will show their ability to keep intact the democratic values as espoused by our great Constitution. They will surely acquire the potentiality to understand the nuances of better policy making and keeping intact the nuts and bolts of a democratic political system

5. Film Festival

Film Name: PRIYAMANASAM

Venue: VIDYASAGAR AUDITORIUM HALL

Teachers Present: 09

Students present: 50

Language: SANSKRIT

P.G. Department of Sanskrit of Sabang Sajanikanta Mahavidyalaya organized a **film festival** in the Vidyasagar Auditorium Hall on 20.05.2022 from 03:00 p.m. The main purpose of this programme is to create an idea about Sanskrit Literature among the students. All the teachers of Sanskrit department & honorable principal Dr. Tapan Kumar Dutta were present on that day. Almost fifty students were present in this programme. They were very happy to know that Sanskrit Language can be used in a movie as a medium.

About the film –

Priyamanasam is a 2015 Indian Sanskrit-language drama film directed by Vinod Mankara. It is based on the life of writer Unnayi Variyar and his 17th-century kathakalipaly (attakatha) Nalacharitham. The play is a recension of Nala and Damayanti, an episode in the Indian epic Mahabharata.

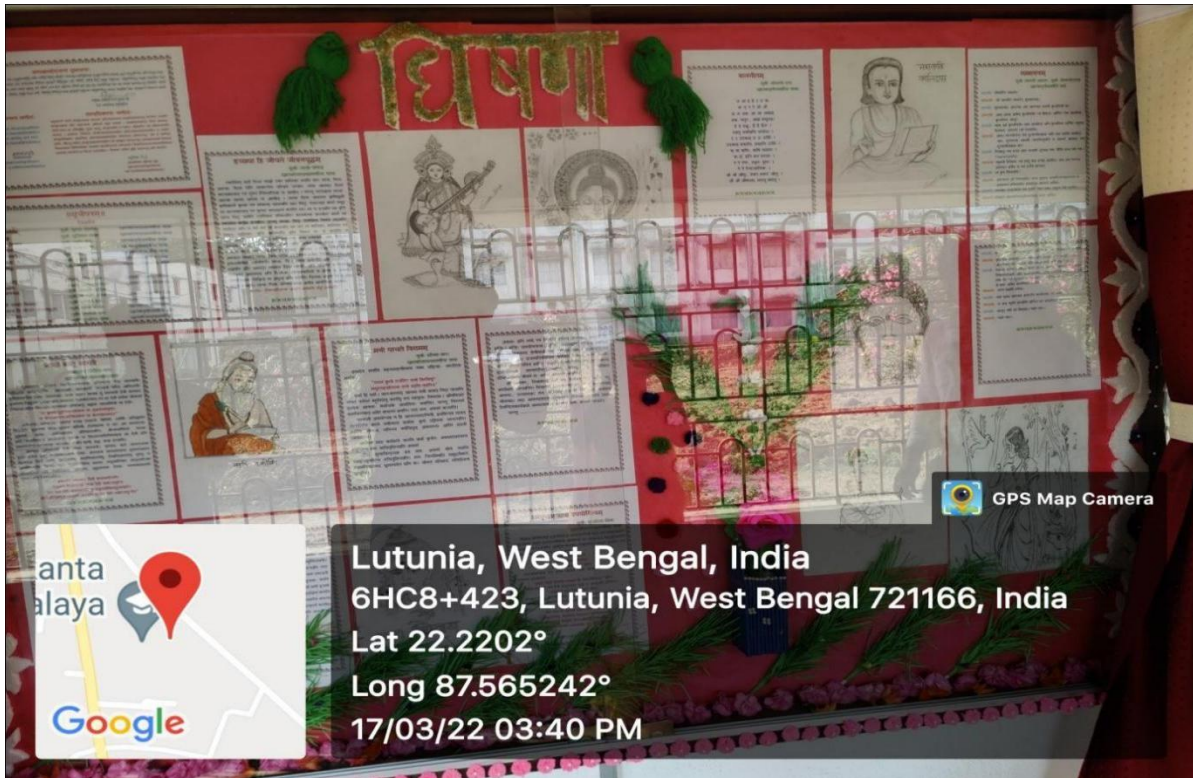

Made in Kerala, it was the third Sanskrit film and the first in 22 years. It received the Best Sanskrit Feature Film Award at the 63rd National Film Awards.

Set in 17th century Kerala, Priyamanasam is about the final years in the life of poet Unnayi Variyar as he struggles to complete his magnum opus Nalacharitham Aattakatha.

19.DEPARTMENT OF SANTALI

About the Department

In today's world of globalization, knowledge is the ultimate source of power. The ability of enhancement of renovating the information into knowledge by analysing the emerging trends is the key factor for acquiring this power. The power of knowledge brings forth the development of an individual as well as the Santali as a whole. Santali is the study of how society manages its scarce society. The knowledge of Santali creates the opportunity for the individual to appreciate the minutiae of this new whole universe where efficiency is the ultimatum. For a graduate student in Santali, there exists ample job opportunities. The Graduate Department of Santali a premier department in the Faculty of Arts of Sabang Sajanikanta Mahavidyalaya. We, the teaching staff of this Department, are trying our level best to prepare the students of this department so that they can enjoy the benefit of studying Santali.

Teaching Method

Teaching method includes classroom teaching, individual and group interactions with the teaching staff outside the class room, lecture exhibition and students' seminar, project work, etc.

Method of Evaluation

The department follows the continuous system for evaluation of the students through internal examinations and University Examination.

COURSE OFFERED

The Department offers undergraduate general course and undergraduate generic course. The curriculum and syllabus of these courses is under CBCS with the affiliation of Vidyasagar University. Programmes covered by the department are B.A. (Gen) in Santali.

Year of Establishment: B.A. Gen-2011

Course offered **B.A. Gen.**

Capacity As per demand

DEPARTMENTAL ACTIVITIES

Apart from the regular classes, the teachers arrange review classes to assess the understanding of the students on the core concept of concerned area of the subject. Special tutorial classes are given on the weaker area of the students. Assignments are also given and checked regularly. We have a system of formal class tests whose score is recorded in order to check the trend of the performance of the students. The department also arranges remedial classes for the slow learners. Students are encouraged to participate in various seminars organized by the college.

Departmental Meeting

Departmental meeting is regularly held to discuss the different issues of related to academic issues of the department.

FACILITIES IN THE DEPARTMENT

- Dedicated Class Rooms : Two
- ICT based class Room : No
- Internet/ WiFi accessibility : No
- Others: Seminar Library : Yes

SWOC ANALYSIS OF THE DEPARTMENT

Strengths

1. Nice co-ordination among all the teaching staff of the department
2. Moderate collection of e-resources
3. Sophisticated collection of reference books in the seminal library
4. Arrangement of remedial classes on regular basis

Weaknesses

1. The students are needy and coming from lower middle-class family and they are first generation learner.
2. Deficiency of teaching staff in relation to huge burden class to cope up with the needs of CBCS syllabus.
3. Absence of academic support staff to the department.

LIBRARY & E-RESOURCE

- **Access to Web-resources: MOOCs (massive open online courses)** are offered for free to anyone wishing to learn. This is one of the most useful online student resources. Teaching faculties encouraged and guide the graduate students to avail the courses helpful to them.

Mentor-Mentee and its output/feedback:

‘Mentoring System’ is a new process that has been established in our department. During their course of journey students often need mentoring, guidance and counselling. Direct academic issues e.g. selection of electives can be easily communicated to the student. Each Faculty will be the mentor of a group of students.

Mentors have to perform some responsibilities

1. The mentors guide and motivate the students in all academic matters.
2. The mentors communicate with the parents/guardians if situation demands e.g. for academic irregularities, negative behavioral changes and detrimental activities.

20.DEPARTMENT OF ZOOLOGY

About the department

Department of Zoology began its glorious journey way back in 1989 with general degree course under Vidyasagar University. It has been offering the honours degree course also from the 2001-02 academic session. The department with its dedicated staff and student-friendly laboratory aims at training the students to become competent new age individuals. Academic excellence of the Department is evident from the outstanding performance of the students in the University- and competitive-examinations.

1. Aims & Objectives of the department

- To impart quality education in Zoology as a subject of basic science.
- To provide strong foundation in the concepts of animal structure, function and behaviour.
- To acquire basic knowledge in the observation and study of nature, biodiversity, biological methods, experimental skills and scientific investigation.
- To get the students imbued with the spirit of further studies as well as quality research.
- To inculcate the value-based education and entrepreneurial skills among the students.
- To conduct field studies and different projects of local and global interests.
- To provide opportunities for professional and personal development through curricular and co- curricular activities.

2. Goal of the Department:

To produce competent science graduates through teaching learning activities and to provide the students with quality hands on practical experiments both in departmental laboratory as well as in field activities. This will help them to understand and serve their community in better ways. The goal of the department is to impart state-of-art technical expertise to our students

through dynamic upgradation of our practical facilities. The ultimate goal of the department is to produce enlightened, responsible citizens of our country.

3. Scope of further studies and interdisciplinary perspectives and opportunities for career development

Zoology is one of the most popular branches in science that offers limitless career opportunities. After completion of B.Sc. degree students may pursue M.Sc. in Zoology and can opt for Ph.D. in Zoology after completing their post-graduation.

Some of the employment areas which provide huge openings for the candidates are:

- Teaching and Research,
- In medical laboratories,
- wildlife rehabilitation centres,
- agricultural departments,
- museum services,
- conservation agencies,
- environment or ecosystem management sectors,
- environmental consulting firms,
- Forensics,
- Administrative Services,
- Research Project assistants and in higher specialized studies,
- Biomedical scientists,
- Toxicologists,
- In biotechnological, pharmaceutical fields,
- Self Employed (Establishing animal based small industries) and so on.

In addition, there are numerous opportunities in the field of research in India and abroad.

4. Departmental excellency:

Students of Zoology department are provided and exposed to all sort of facilities including:

- Departmental Library
- Teaching Aids

- Well-furnished class rooms.
- Museum: zoological specimens are well preserved for identification and study.
- Well-equipped Laboratories

5. Importance of the subject in the field of entire education system

Zoology is the branch of Biology which covers areas ranging from the structure of organisms to the subcellular unit of life. Some zoologists are interested in the biology of particular groups of animals. Others are concerned with the structure and function of animal bodies. Still others study how new animals are formed and how their characteristics are passed on from one generation to another. Zoologists study the interactions of animals with one another and their environments, as well as the significance of the behaviour of animals. Zoology can be approached either as a basic science or as an applied science. Study of Zoology involves study of animal life from every point of view – including (but not limited to) Microbiology, Genetics, Evolution, Conservation, Biodiversity, Behaviour, Physiology, Ecosystems, and Husbandry.

6. Our role

To facilitate our students to achieve excellence in studies in the field of Zoology. We also set performance goal to our students and encourage and support every student in their study. We also provide honest guidance towards career development of the students.

STUDENTS FEEDBACK:

Feedback are obtained from students and teachers through structured-questionnaire and are statistically analysed. Questionnaires are available in the website whosoever (among the students) wants to submit his/her feedback form needs to fulfil some rudimentary level of queries. The students' feedback system is an elaborate arrangement students can rank the teachers, department, administration etc. There is an option of 'suggestion' also students are asked to give their suggestion to uplift the standard of the institution. Since the online feedback system is relatively new concept for the Mahavidyalaya, it is not so popular among the students. However, it's gaining popularity day by day. The Mahavidyalaya practices feedback system in physical mode also, primarily to mitigate the limitations of the online system. The results of the feedback reanalyzed on excel sheets with the help of different charts like bar chart pie-chart etc. Cursory views are enumerated based on charts and graphs. The observations are circulated among the teachers and different bodies of the institution including governing body for future course of action.

STUDENT'S SATISFACTION SURVEY BASED ON 1466 RESPONSE

1. How much of the syllabus was covered in the class

2. How well did the teachers prepare for the classes

3. How well were the teachers able to communicate

4. The teacher's approach to teaching can best be described as
